Are you ready to find your craft? Since 1992 Oklahoma brewpubs dominated the landscape with 3.2 ABW brews until a decade later when Huebert Brewing Co. had a vision to change legislation so breweries could make and distribute regular strength beer.

Fast forward and the Oklahoma craft beer scene has exploded like never before. Sample beer styles from American Wild Ales to Pastry Stouts. No matter what you crave there truly is a beer for everyone. Walk, scooter, bike or take a bus tour to one of 60 breweries in the state. Tour the brew house and learn about the fine art of brewing. Be sure to purchase beer to go and a souvenir that shows your love and support for Oklahoma breweries!

What is Craft Beer?
